SUPPORTING LANDLORDS

Letting your property can be a complex, demanding process; we're here to take the stress out of being a landlord. Our unrivalled market knowledge allows us to navigate legal and financial responsibilities while minimising costly void periods and maximising returns on investment for our landlord clients. As an ARLA Propertymark protected firm, our teams can be trusted to be honest and helpful, always up to date with the latest lettings knowledge. Our affiliation with these nationally and locally recognised industry bodies means you will receive the best standards of care:

YOUR PROPERTY IS INDUSTRY PROTECTED BY AN ACCREDITED AGENCY

ARLA is the only professional self-regulated body solely concerned with lettings. As members of ARLA (Association of Residential Letting Agents), and the Ombudsman Scheme for Estate Agents, we follow a Code of Practice, which ensures both you and your contract-holder receive the highest standards of professionalism and are protected.

YOUR DEPOSIT IS SECURE

As a regulated agent, we are a member of the Tenancy Deposit Scheme (TDS) and the Deposit Protection Service (DPS), which means each deposit is protected.

YOUR PROPERTY WILL BE LEGALLY COMPLIANT

We are also licensed with Rent Smart Wales www.rentsmart.gov.wales – the body that grants licences to Landlords and agents in compliance with the Housing (Wales) Act 2014. This means that we always ensure that, when you let through us, your property is on the right side of the law. From 27 May 2015, under the requirements set out in the Consumer Rights Act, it became compulsory for all agents to display in their offices and on their websites whether or not they are part of a Client Money Protection Scheme. We are Renting Homes (Wales) Act 2016 compliant. By choosing to register with the safeagent campaign we offer consumers the financial protection they deserve, as well as peace of mind through knowing that their money is protected via a CMP scheme.

What are my landlord obligations?

SAFEGUARDING PEOPLE AND PROPERTIES

There are many different things to consider when letting your property and we are here to offer you the best advice we can. Our team can help you understand the full range of your obligations and responsibilities and give you all the support you need to let your property successfully.

RENTING HOMES (WALES) ACT 2016 – THE WAY YOU RENT HAS CHANGED

The Renting Homes (Wales) Act 2016 has taken effect on the 1st December 2022, it is the biggest change to housing law in Wales for decades. The regulations set out by Welsh Government simplify how all landlords rent their properties. If you are a landlord it is important you know what the changes mean for you.

Standard Occupation Contract. The occupation contract must cover four areas: 1) Key matters: 2) Fundamental Terms: 3) Supplementary Terms: 4) Additional Terms. A written statement of the contract must be supplied to the new contract-holder no later than 14 days after the start of the contract.

The Contract-Holder is guaranteed a minimum 12-month agreement and longer notice periods to regain possession. Six months is the minimum notice period landlords must give the contract-holder to regain possession of their property. Landlords are unable to serve notice during the first six months of the agreement and are unable to serve notice during the fixed term. There are exceptions to this for converted contracts, however.

Many thanks to
Karen for the excellent
services rendered.
You guys are fantastic.

Mariam Adeniyi - Radyr

Fitness of homes for human habitation (FFHH): As a landlord you have a legal obligation to ensure your property is in good repair and fit for human habitation, this includes keeping the structure, exterior and the service installations of the dwelling in good repair. The new minimum housing standards are covered by 29 points in the new Fitness of Homes for Human Habitation (FFHH), to see more information visit gov.wales/fitness-homes-human-habitation-guidance-landlords

Inspection and testing of electrical installation.

Electrical Installation Condition Reports required. Each rented property must provide a satisfactory electrical installation condition report (EICR), A landlord is required to have the electrical installation of the dwelling tested every five years. The current EICR must be made available to the contract-holder within 14 days of the occupation date.

Smoke alarms. It is the responsibility of the landlord to ensure that their rented accommodation in Wales must be fitted with mains-powered and interlinked smoke alarms with one installed on each storey of the dwelling. All smoke alarms must be powered either from the mains electricity circuit or a dedicated mains circuit from the consumer unit. Smoke and heat alarms must either be interlinked by cable or by wireless radio-frequency interlink.

Carbon monoxide alarms. For rented accommodation in Wales, carbon monoxide detectors are required in each room of the dwelling that contains a gas, oil or solid fuel burning appliance installed.

Inventory (schedule of condition report). All landlords must now provide an inventory at the start of the occupational contract.

RENT SMART WALES

Since 23 November 2015, all Landlords within the private rented sector owning a property let out on an occupation contract in Wales are legally required to register with Rent Smart Wales in order to comply with the law. Failure to register false or misleading information on your registration is an offence. Once completed, the landlord registration is valid for 5 years. Upon expiry, you will need to renew the registration to comply for a further 5 years. If you do not appoint an agent to manage your property you are required to attend training and have a licence. The easiest and cheapest way to register is online, for more information take a look at the guidance from Rent Smart Wales by visiting rentsmart.gov.wales

ENERGY PERFORMANCE CERTIFICATES

You must provide an EPC for the property before you market your property to let. An EPC provides information about a property's energy use and typical energy costs along with recommendations about how to reduce energy use and save money. An EPC gives a property an energy efficiency rating from A (most efficient) to E (least efficient) and is valid for 10 years.

FURNITURE & FIRE SAFETY REGULATIONS

In line with Fire and Safety Regulations and the Furniture and Furnishings Fire Safety Amendment Regulations 1993, all new and second-hand furniture in rented properties must meet fire resistance requirements. These regulations apply to: beds, mattresses, sofas, pillows, loose and stretch covers etc. Please note that this list is not exhaustive. However, non-compliance is considered a criminal offence and can lead to a fine of up to £5000 and/or a prison sentence of up to six months. Visit rla.org.uk for more information.

LEGIONNAIRES' DISEASE

Health and safety legislation requires that Landlords carry out risk assessments for the presence of Legionella bacteria which cause Legionnaires' disease and thereafter maintain control measures to minimise the risk. Further advice is available from the Health & Safety Executive, hse.gov.uk/legionnaires/what-you-must-do

BLINDS

Since 2014, regulations have been in force relating to window blind 'cords'. Vertical, Venetian, Roller, Roman and Austrian blinds must have operating cords with built in safety systems to prevent them forming a hazardous loop, even if there aren't children at the property.

“

Excellent and very professional service! I would highly recommend MGY. I found them extremely helpful throughout the entire process.

Nektarios Chazirakis - Cardiff Bay

TUMBLE DRYERS

Landlords should check tumble dryers in their properties. Which? has advice about how to check whether a dryer is safe or not and also lists models that it knows to be affected by the safety alert.

GAS SAFETY

As a landlord, you are responsible for the safety of your property. The Gas Safety (Installation and Use) Regulations 1998 deal with landlords' duties to make sure gas appliances, fittings and flues provided for the contract-holder are safe. You are responsible for the maintenance and repair of flues, appliances and pipework provided for your contract-holders use by a Gas Safe registered engineer. You are also responsible for ensuring an annual gas safety check is carried out within 12 months of the installation of a new appliance or flue which you provide and annually thereafter by a Gas Safe Registered engineer. You must keep a record of the safety check for 2 years and issue a copy to each existing contract-holder within 28 days of the check being completed and issue a copy to any new contract-holders before they move in.

EFFECTIVE MARKETING

As a forward-thinking company MGY is at the forefront of new and effective marketing techniques, adopting technological developments to ensure our landlords have all possible advantages available to them to attract the right contract-holder.

MGY utilise the following marketing processes:

Eye catching window displays from your local branch office in high-pedestrian-flow areas.

Bespoke design led; property brochures created in house.

Professional photography, floor plans (if requested) and optional HD property tour & drone video productions.

Regular advertising on web-based portals 'On The Market' and 'Rightmove'.

Social Media content reaching over 65,000 adults each month.

Optional discernible "To Let" boards.

All of this results in a "tried and tested" marketing campaign that no other independent agent in Southeast Wales can match.

LONG TERM FOCUS

All new applicants are interviewed and asked qualifying questions; and comprehensive reference checks are carried out including credit checks, employer references, previous landlord references and guarantor checks (where required). You will be notified of the references we are obtaining for the contract-holder(s). Although we conduct careful screening, it is impossible to predict in the future, such as loss of employment or sickness. MGY enlist the services of Vouch and Homelet to complete the required checks, and we also offer a guaranteed rental scheme.

OCCUPATION CONTRACTS

Our legally binding 'occupation contract' is drawn up for the new contract-holder. It has been produced in consultation with legal professionals and details the occupation contract between you, as Landlord, and your new contract-holder. Our focus is on providing long-term occupation by the contract-holder.

PROTECTED DEPOSITS

One month's rent (in the form of a deposit) is held by us and is protected by the Tenancy Deposit Protection Scheme (TDS) or for let only properties we use the Deposit Protection Service (DPS).

DILIGENT INVENTORIES

Prior to occupation, an inventory clerk will prepare a comprehensive Inventory and Schedule of Condition of the property and contents for all properties to let. This is now a requirement as part of The Renting Homes (Wales) Act 2016.
